FOR SEVEN DAYS HARD BATTLE IN EFFORT TO ELECT

After Taking 305 Ballots and Remaining in Session Nearly All Night Police Board Is Deadlocked and No Chairman Is Elected.

VERNOY SWITCHES HIS SUPPORT TO THE MAYOR

On the Ground That the Board Was Not Legally Organized Fain Will Protest Business Transacted at Last Night's Meeting.

At 1:30 o'clock this morning, after being in session for seven hours, the board of police commissioners, having fought out a minor issue to the bitter end, was still locked in more or less deadly warfare over the chairmanship. An adjournment was taken till Tuesday week. At this meeting the session will be limited to two hours. The vote stood this:

For Fain—Commissioners Fain, Dink, Dixon, King, Johnson and Smith. For Pace—Vernoy, Colcord, Clark and Mayor Woodward.

For Vernoy—Commissioners Garner and Pace.

Over 250 ballots had been taken. At the previous meeting there were 145 ballots taken. Commissioner Vernoy had surprised everyone at the beginning by switching over to the Woodward faction. Garner, Pace and Colcord were voting for Pace and Vernoy alternately. One vote was needed by either faction to decide the battle.

Ignored the Mayor.

The minor issue which precipitated one of the strongest factional fights in the history of the board began when Commissioner B. Lee Smith, of the Fain faction, moved to take up the election before turning to regular business. The lines of the ensuing fight over the chairmanship were drawn immediately. Mayor Woodward called for regular business.

The Fain faction sat back in its chairs, yawned, gazed at the clock and pretended that Mayor Woodward wasn't there. Mayor Woodward went on with business just the same. The Fain faction put its wits to work. Commissioner Dixon promptly went over to Mayor Woodward, and the motion failed. That did not return the Fain supporters. They still refused to vote, or to have anything to do with the business in hand. Mayor Woodward went ahead with his effort was made by Commissioner Clark to secure from Commissioner King an expression regarding the procedure of a committee on which the latter had served. Commissioner King gave his questioner an "I-don't-know" stare, and continued to gaze into the atmosphere. "Presently the mayor became exasperated.

"If you don't want to vote," he advised the hanger-on, "help yourself. If you're not going to fill your job down here, though, you'd better resign."

Mayor Colcord Resigns. Commissioner Johnson immediately declared that there was any resigning to be done, the mayor might do it himself. The mayor frowned and refused to resign. Commissioner Smith returned to the Fain faction, with the information that Commissioner Johnson had declared that any resigning which the mayor might do would be invalid.

Mayor Woodward and Commissioner Vernoy came back with a 150 ordinance making a quorum of four sufficient to legalize proceedings. Commissioner Johnson said the ordinance was antislavery, bawled and decrepit. The ordinance was adopted, but closed the session triumphantly, and rapped for order.

Policeman W. H. Bone, the aged patrolman who was arraigned before Recorder Broyles on March 27 for attempting to kiss a young school girl, was escorted from the girls' night school, was arraigned before the board of police commissioners last night.

Bone stated that he had merely sought to test the girl's modesty. He was given thirty days' suspension and a reprimand by Chief Beavers. The Woodward faction all voted in favor of this verdict. The Fain supporters, however, took part in the action as they considered the board meeting illegal.

Chief Beavers and Commissioner George B. Johnson appealed to the police board last night to appropriate enough of out-of-town detectives to reinforce the headquarters men during the shrine convention.

The matter was submitted to the finance committee of council. Chief Beavers stated that he intended examining his own force with at least a dozen expert sleuths from other cities.

MAJOR'S PROCLAMATION ORDERING A HOLIDAY

It has come to my attention that the mayors of the cities of New Orleans and Birmingham have issued "baseball" proclamations and have ordered city business suspended on the opening day. Therefore, it is my desire that Atlanta contribute to make our opening day a bigger event than either New Orleans or Birmingham, and I request that all business men, merchants and manufacturers join with the city of Atlanta in giving their employees an opportunity of seeing the Cracker-Volunteer game.

City hall will be closed by official proclamation after 3 o'clock Wednesday, and all employees of the municipality are urged to attend the game.

(Signed)

JAMES G. WOODWARD, Mayor.

Mexico's Trouble-Maker and His Place of Refuge

CASTLE OF CHAPULTEPEC

President Huerta has moved from the national palace in Mexico City to the castle of Chapultepec, the historic fortress on the outskirts of the city, famous for its beauty and because it

is an almost impenetrable fortress. It is believed that General Huerta took this step to insure his personal safety in the event of an uprising in the capital. This fortress is the celebrated

SERIOUS CHARGE MADE AGAINST DR. MILLER

It is Charged That He Sold Licenses to Practice Medicine.

The state board of medical examiners met Tuesday afternoon at the capitol with all members present except Dr. Peterson, from Tifton, to receive the report of a special committee appointed to look into the affairs of the Southern College of Medicine and Surgery and the Georgia College of Eclectic Medicine and Surgery.

The board voted unanimously not to recognize the former because it fell far below the standard fixed in the medical practice act passed last year. The eclectic college was placed on probation, and if decided improvements are not shown by the opening of the next term it also will be barred.

Dr. W. D. Branch, of Baxter, and Dr. H. E. Hall, of Avalon, appeared before the board. Both are graduates of the Southern College of Medicine and Surgery, and failed to pass the regular state board last year. Dr. Branch testified that he came to Atlanta last September and said Dr. C. W. Miller, of Atlanta, secretary of the defunct eclectic examining board, \$100 for a license. No examination was held by said board. Dr. Hall testified that he sold Dr. Miller the sum of \$10 for a license and that no board examined him. It is expected that the state board of medical examiners will prosecute Dr. Miller.

These present at the meeting were: Dr. F. W. Palmer, president of Allyn; Dr. J. D. Patterson, Cuthbert; Dr. P. R. Slidley, LaGrange; Dr. O. K. Walker, Savannah; Dr. A. Phillips, Waycross; Dr. A. Smith, Plover; Dr. N. Peterson, of Tifton, was not present.

The indignant father and mother broke through the ranks of enthusiastic friends and took physical charge of their daughter. She was taken to her room and the mother-in-law when she caught sight of her runaway daughter that she hurried down the 4-foot descent from the platform, and, pushing aside the crowd, grabbed the girl until she was back to Calhoun on the afternoon train.

Dictator Says Arrest of Marines Was No Insult to the United States, That to Salute "Old Glory" Would Admit Undue Influence of United States in Mexico and That Huerta Will Uphold Mexico's Honor at Any Cost.

Vera Cruz, April 14.—The Mexican foreign minister, Senor Portillo y Rojas, has transmitted to the American charge, Nelson O'Shaughnessy, a note dealing with the arrest of the assistant paymaster and a detachment of bluejackets from the United States gunboat Dolphin at Tampico and the demand of Admiral Mayo that the American flag be saluted.

In effect the note says that the Mexican government cannot see wherein, under international law, the federals have inflicted any insult on the American nation; that its ordering the army publicly to salute the American flag under the circumstances would be an admission that the United States is exercising undue influence over Mexico's free action, and that the president is disposed to uphold the honor and sovereignty of Mexico at any cost.

It is known that Villa would find it almost impossible to co-operate with Huerta, who, it is related, at the battle of Beltrano two years ago, compelled Villa, then serving under him, to get on his knees and apologize for some offense.

Villa again escaped and made his way north where, on the assassination of Madero and the elevation of Huerta to the provisional presidency, he started a revolution and in due time joined other insurgents under Venustiano Carranza.

DARKENS GRAY HAIR, STOPS FALLING HAIR

Something New—Darkens Evenly—Makes You Look Young, Vigorous.

When your hair begins to turn gray, streaked, faded or brittle, or if hair is all gray or white, try the following: On retiring apply Q-Ban, like a shampoo, to hair and scalp. The gray disappears and a few more applications of Q-Ban, the hair is beautifully darkened so evenly and naturally no one can tell it has been applied. Q-Ban is very popular because, in addition to beautifully darkening the hair, it produces that soft, dark luster and appearance of abundance to the hair which makes the hair so fascinating and attractive. Besides darkening, dandruff, itching scalp and falling hair, and promotes the growth of thin or brittle hair. Q-Ban is not sticky or greasy—delightful to use. It does not injure or stain the most delicate scalp or hair. If you care for dark, thick soft hair free from grayness, make a personal trial of Q-Ban. It will surprise and delight you with its beautiful dark hair and luster. It is sold in large bottles only and guaranteed for only 10 cents by the Atlanta Drug Store, 111 N. Broad street, or 104 N. Pryor, Atlanta. Out-of-town people supplied by mail.—(adv.)

Winners of Lily Contest Decided.

Thousands of answers were received in The Constitution's "Lily" contest last Sunday's paper.

The contest was an exhibition of artistic ability in painting either a picture of a rabbit and a lily, a section of which appeared in each advertisement on one page of the paper.

The interest displayed was unprecedented. One young lady, Miss Mary Lee, of 125 Ponce de Leon avenue, with a lily and rabbit in the picture as a basis, constructed a fair reproduction of a wedding among the little people of the woodland. It was well worthy of the prize.

BOTH SIDES OBJECT TO CHANGES IN RATES

Vigorous Protest Over Revised Express Rates Heard by Railroad Commission.

Vigorous opposition was presented against the proposed reduction of intrastate express rates at a hearing before the railroad commissioners in the capitol yesterday.

A group of produce dealers and shippers from various sections of the state appeared to address the commission, together with express officials.

The hearing occupied the entire day, was adjourned late in the afternoon, and will be resumed this morning.

For the past two years the commission has been engaged in an extensive investigation and study of express classification, rates, rules and traffic, and has proposed a series of changes in the classification of rates and regulations for the benefit of shippers and carriers.

Under the method proposed by the commission, the express companies and carriers are to be fixed for each individual express company, regardless of the number of routes necessary for shipments to be transported over in order to reach destination.

Witnesses were examined during the hearing who told of excessive charges and regulations and revenue. A strong protest was made by J. C. Patton, representing the Southern Express company, who declared that the proposed revisions were too low, and that their enforcement would deprive express concerns affected by such intrastate revisions of revenue that was necessary to existence.

On the other hand, however, produce dealers and shippers of the state—were liberally represented at the hearing—debated the proposed reduction rates too steep, and that the inauguration would deprive growers and shippers as well as dealers of classes—of the meager profit derived from the business.

In this connection, J. H. McHattan, a state demonstrator, declared that the revisions would sorely affect the small-scale farmer, who would be seriously impaired in trafficking his wares.

McHattan stated that truck farming in Georgia was progressing in bounds, and that the year being completed in all sections that the state was trying to aid the industry, and in the past several months have been assured of hundreds who continue taking up truck farming.

Any man who applies business ability and enterprise to truck farming can produce a prosperous truck farm. We are trying to aid the industry, and in the past several months have been assured of hundreds who continue taking up truck farming.

field soaked, but the boxes and the front row of seats in the stands were inches deep in water.

Realizing that to have the fans attend the game under the conditions as existed would be a hardship, the baseball association, after a conference with Managers Smith and Schwartz, decided that it was best to postpone the opening.

The other cities, Birmingham, Chattanooga and Montgomery, decided to try it, despite the fact that they received as heavy a rainfall Monday night as Atlanta did.

MEXICAN PROBLEM

Pronounced Weakness De

Pronounced Weakness Develops, With Increased Trading—Liquidation on Considerable Scale.

New York, April 14.—Pronounced weakness developed in the stock mar-

It was evident that for the first time in several weeks liquidation on a commission basis was profitable. The decline was influenced by the serious decline in the price of gold. It was apparent for that last week that selling was more effective. The underlying firmness which was so noticeable during the previous week had been replaced by a decline encouraged more active selling by professional traders. It was felt today that conditions favored a bear assault it was delayed by the fact that the market was again the stock on which pressure concentrated. The market was expected to fall sharply to the year's low point.

Houses with Washington connections are expected to be active in the buying and guarding the Mexican problem, which means that the market will be

provided the basis for effective short selling. Another blow to the bulls was the announcement of the inter-

state commerce commissioner, indicating that the freight rates decision would not be reached as quickly as had been looked for recently. Expectations that the freight rates would be taken quickly have been perhaps the chief factors in holding up the markets during the last few weeks. In the face of discouraging news regarding general business conditions. Still another factor on the part of the London market for foreign accountants, London bought Amalgamated and Canadian Pacific, but sold other stocks, disposing of 15,000 shares or more on

The decline continued without important interruption throughout the session when the new candle closed an hour and a half lower. The Atlantic fleet had been ordered to Tampico, supporting orders were issued in to prevent a break, and the market rallied slightly. The recovery did not hold, however, and the close was not far from the day's low prices.

Bonds lacked support. Heaviness was most pronounced in traction and lower local issues. Total sales
